Windows Phone 8.1 Enrollment process

<p>From Home Screen go to all applications</p>  <p>A screenshot of the Windows Phone 8.1 Home Screen. The background is blue. At the top, there are tiles for Phone (No SIM), Messages (1), and Email (19). Below these are tiles for People and Office. At the bottom, there is a Calendar tile showing Tuesday, the 26th.</p>	<p>Select "Settings"</p>  <p>A screenshot of the 'All Applications' screen in Windows Phone 8.1. The background is black. A red box highlights the 'Settings' application icon, which is a gear. Other visible applications include Skype, Storage Sense, Store, Video, and Wallet.</p>
<p>Find and select "email+ accounts"</p>  <p>A screenshot of the 'Settings' application in Windows Phone 8.1. The background is black. A red box highlights the 'email+accounts' option, which includes the subtext 'set up email, contacts, and others'. Other settings listed include lock screen, notifications+actions, Wi-Fi, airplane mode, Bluetooth, and cellular+SIM.</p>	<p>Select "add an account"</p>  <p>A screenshot of the 'email+accounts' settings screen in Windows Phone 8.1. The background is black. A red box highlights the 'add an account' option, which includes the subtext 'set up email, contacts, and others'. Below it, a 'Microsoft account' is listed with the email address t@bech-aagaard.dk.</p>
<p>Select "Exchange"</p>  <p>A screenshot of the 'ADD AN ACCOUNT' screen in Windows Phone 8.1. The background is black. A red box highlights the 'Exchange' option, which includes the subtext 'Exchange, Office, 465'. Other account options listed include Outlook.com, Nokia account, Nokia Mail, Yahoo! Mail, Google, IBM Notes Traveler, and iCloud.</p>	<p>Type your email and password and click "sign in"</p>  <p>A screenshot of the 'EXCHANGE' sign-in screen in Windows Phone 8.1. The background is black. It features a text input field for the email address, a password input field with a 'Show password' checkbox, and a 'sign in' button at the bottom. A disclaimer at the bottom explains that sign-in information is saved and used for syncing documents and settings.</p>

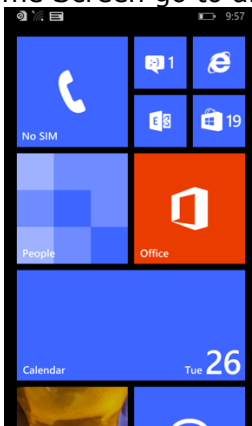

Account is now added click "done"

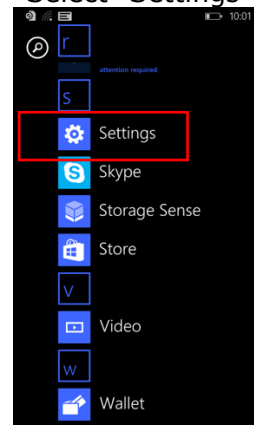

You will now see "Nederman" and the account is ok

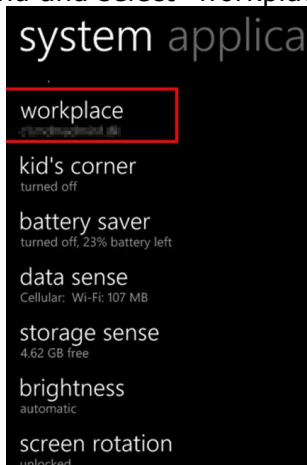

Return to Home Screen go to all applications

Select "Settings"

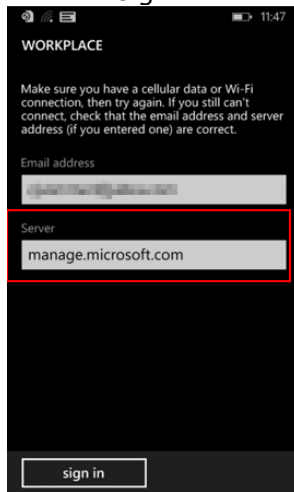

Find and select "workplace"

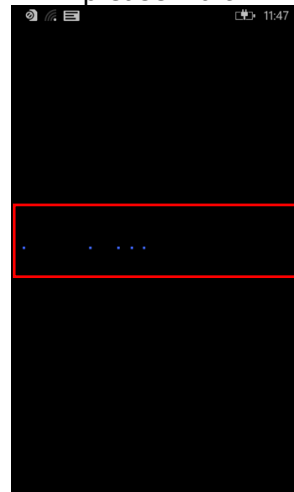

Type your email and click "sign in"

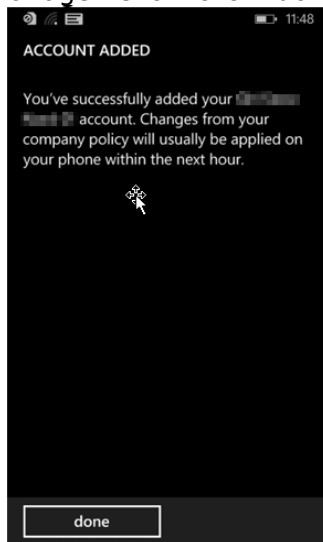

In Server write "manage.microsoft.com" and " sign in"

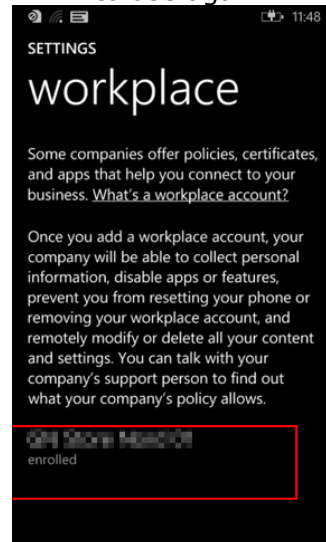

The Screen now is black with blue dots.. please wait

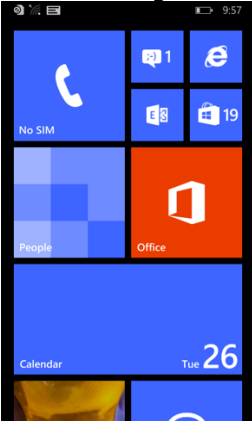

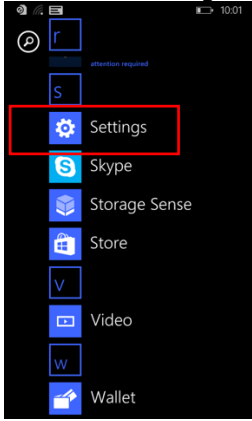

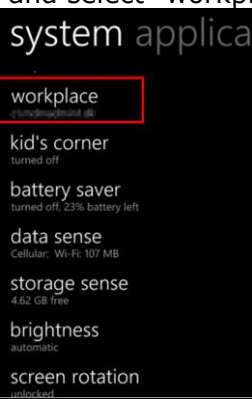

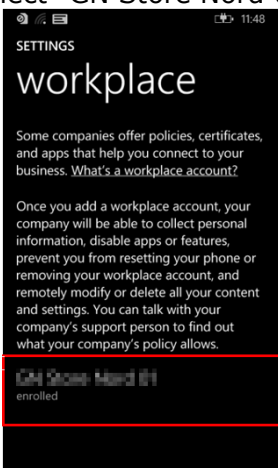

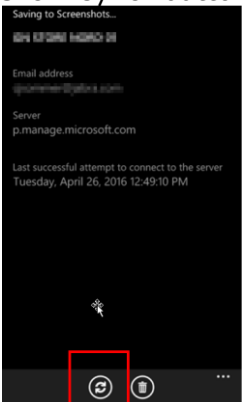

Your Phone is now en-rolled in the intune management – click "done"

You are now done, and the phone is ready to use again

After the en-rollment it can take up to 30 minuters before all configurations are deployed to the phone (proctection with pincode, email settings and general company policies)
if you have any problems you can manually force a sync from "workplace"

<p>Return to Home Screen go to all applications</p>  A screenshot of the Windows Phone home screen. It shows a grid of live tiles for Phone, Messages (1), Email, Office, People, and Calendar (Tue 26). The Office tile is highlighted in red.	<p>Select "Settings"</p>  A screenshot of the Windows Phone Settings application. The 'Settings' tile is highlighted with a red box.
